

WEBVTT

1

00:00:00.000 --> 00:00:08.010

Town Hall Meeting Room: Welcome to the April 23rd, 2026 Board of Selectmen Meeting, and as always, we will start the meeting with the Pledge of Allegiance.

2

00:00:09.720 --> 00:00:22.759

Town Hall Meeting Room: I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands, one nation, under God, indivisible, with liberty and justice for all. Thank you.

3

00:00:24.270 --> 00:00:44.329

Town Hall Meeting Room: Is there a motion to approve the minutes of the regular meeting of April 9th, 2026? Lauren Rabin, so moved. Rachel Kahn, I second the motion. All those in favor? Fred Kamel's a yes. Lauren Rabin is a yes. Rachel Kahn is a yes. Okay, thank you. And is there a motion to approve the minutes of the special meeting of April 9th, 2026?

4

00:00:44.330 --> 00:00:51.110

Town Hall Meeting Room: Lauren Raven, I motion that we approve it. Rachel, can I second the motion. All those in favor, Fred Camelosi, yes.

5

00:00:51.110 --> 00:00:53.929

Town Hall Meeting Room: Lauren Rabin is a yes. Rachel Kahn is a yes.

6

00:00:53.970 --> 00:00:58.389

Town Hall Meeting Room: Okay, thank you. Going on to the first selectments updates,

7

00:00:58.690 --> 00:01:17.150

Town Hall Meeting Room: Had a successful opening to the Bible Street, the new field at Bible Street last night. Joe and Parks and Rec, congratulations. Tim Coughlin and the team did a great job. It looks like a little mini Yankee stadium there. It's, really nice. It didn't look like that when we played on it, right?

8

00:01:17.210 --> 00:01:26.589

Town Hall Meeting Room: Well, thank you to Dan Carlson for that. It

was really a nice night there.

9

00:01:26.590 --> 00:01:38.920

Town Hall Meeting Room: My ice... my arm's still on ice from the first pitch. Also, just a note to everyone, May 14th will be the, safety meeting for the cameras.

10

00:01:39.300 --> 00:01:57.939

Town Hall Meeting Room: for the, speed cameras, May 14th. I believe it's at 7 o'clock, but we will get details out there, in the coming days. It'll be 7 o'clock in this room. 7 and 8, but we'll get details out, everybody, by as many different venues as we can, so people don't miss it.

11

00:01:59.420 --> 00:02:16.830

Town Hall Meeting Room: Also, tonight there's the Institute of World Politics event, where I'll, briefly be speaking, over at, Indian Harbor, and also, the JFS is having their annual, dinner tonight, and they're honoring our friend Mark Jaffe, so, we'll look forward to seeing Mark there.

12

00:02:17.200 --> 00:02:34.640

Town Hall Meeting Room: on tomorrow, on Friday, tomorrow at 3 o'clock here, we will, we've been talking about this for a while, the Greenwich Catholic Middle School Charger basketball team from 1976 will be coming back to Greenwich for a 50-year reunion. Why is that important?

13

00:02:34.830 --> 00:02:43.590

Town Hall Meeting Room: We were the only team, Catholic school, I think in the history of the country, to win a regional tournament against all public school teams.

14

00:02:43.690 --> 00:03:02.690

Town Hall Meeting Room: We were 32-1, and most of the guys would be coming back. Some of these guys I haven't seen in 45 to 50 years, so I hope I don't scare them when they... So are you saying you were on that team? I was not the center, nor the power forward, so...

15

00:03:02.800 --> 00:03:15.940

Town Hall Meeting Room: You could... you could guess where I played. So I haven't seen these guys in a while, but, special note to Dave D'Andrea, who was our coach. Did a great job. I mean, it was an

amazing year. It doesn't...

16

00:03:15.940 --> 00:03:25.769

Town Hall Meeting Room: In fact, in fact, they don't have that tournament anymore, so it's never gonna be broken, that record. So, we're looking forward to seeing everybody who's returning from around the country.

17

00:03:26.940 --> 00:03:44.789

Town Hall Meeting Room: And then, we have... there's another event here tomorrow at 12 with the YWCA, Stand Against Racism, and at 6.30, tomorrow there is the annual Greenwich Conservancy Tree Party at McArdle's. I'm not sure I said that right.

18

00:03:44.850 --> 00:03:59.969

Town Hall Meeting Room: So that's always a fun event. Tomorrow, there is the Live Like Luke, cleanup at the beach. It starts at 9. Saturday. Saturday. Oh, I'm sorry, same. I'm already a day ahead of myself. Saturday, it starts at 9 to 12, I think?

19

00:04:00.800 --> 00:04:10.330

Town Hall Meeting Room: 12 to 1. So, it's a 4-hour event, so if you get there a little late, and you're a little on the lazy side, you're probably okay, because most of the garbage will be picked up by then.

20

00:04:10.330 --> 00:04:21.669

Town Hall Meeting Room: So if you want to get there and get your steps in, get there early. And as, they usually do a great job. You could... you could probably eat off the ground there, Peter, when they're done with those kids cleaning up.

21

00:04:22.670 --> 00:04:31.760

Town Hall Meeting Room: Also, Saturday is the 40th anniversary gala for the Red Cross, and at the same time in Greenwich, ABLIS will be doing their 75th

22

00:04:32.040 --> 00:04:33.740

Town Hall Meeting Room: anniversary, so luckily.

23

00:04:33.960 --> 00:04:41.109

Town Hall Meeting Room: They're not too far apart this year, so it could hit both of them. And Laurel House is doing their... Same night?

Yeah.

24

00:04:41.620 --> 00:04:49.860

Town Hall Meeting Room: Now, where is theirs? At the Del Mar? Also, all three are in town, so you... if you hit one, you're batting 333, so hopefully...

25

00:04:50.000 --> 00:04:58.219

Town Hall Meeting Room: Probably hit 667 that night. That's great. So hopefully get attend one or more of those events. They're really great.

26

00:04:58.240 --> 00:05:13.290

Town Hall Meeting Room: Great causes, and then Barbara's House is having their fundraiser in Stanford at Pickleball America. It's where the mall used to be. That's Tuesday night, and I believe that's at, I think 6 to 8, right, Janet?

27

00:05:13.510 --> 00:05:31.169

Town Hall Meeting Room: And on the... on Wednesday, we are gonna be honoring Talio Coquinos on her retirement from the Parat Library. I think that's at 4. And at 5 o'clock, the Greenwich Area Law Reception will be at the Field Club. And I believe the...

28

00:05:31.300 --> 00:05:34.340

Town Hall Meeting Room: Dean of the Connecticut Law School will be there?

29

00:05:34.670 --> 00:05:37.610

Town Hall Meeting Room: Somebody important's gonna be there, so we'll...

30

00:05:38.230 --> 00:05:45.919

Town Hall Meeting Room: Thursday, Thursday the 30th will be the Dr. John Clark Award for, an officer who will be,

31

00:05:46.360 --> 00:05:54.839

Town Hall Meeting Room: given that award, we don't know... I don't know who it is yet, so always a fun time. May 2nd is the Old Greenwich Yacht Club commissioning.

32

00:05:54.880 --> 00:06:10.270

Town Hall Meeting Room: Same day at that 1 o'clock, same day at 5 o'clock will be the Riverside Yacht Club Commissioning Day, and at the same time will be the Bruce Museum Gala, so you take your pick. And on the 3rd is the breast cancer event, that's at 9.30.

33

00:06:10.270 --> 00:06:19.169

Town Hall Meeting Room: And May 7th is, in this room, the National Day of Prayer at 1 o'clock. It's usually very well attended. It's a beautiful, beautiful ceremony.

34

00:06:19.170 --> 00:06:31.969

Town Hall Meeting Room: And gathering, later that day at 4 o'clock, we'll do the Distinguished Teachers Award. And we... the other night, we did the, Community Service Awards, and we honored Dr. Ernie Fleischman, who was a great... I'm sorry?

35

00:06:32.840 --> 00:06:36.429

Town Hall Meeting Room: Oh, that's tonight? Oh, I had a wrong day.

36

00:06:36.590 --> 00:06:41.509

Town Hall Meeting Room: Thank you, can I... you guys bring... get a chair, come up here.

37

00:06:42.240 --> 00:06:56.970

Town Hall Meeting Room: We honored, Dr. Ernie Fleischman, who 40 years ago, started this program to recognize kids in Greenwich who were actually doing a lot of work for, not only for the school, but for the community. And,

38

00:06:57.090 --> 00:06:58.709

Town Hall Meeting Room: He was there when we were...

39

00:06:58.920 --> 00:07:06.639

Town Hall Meeting Room: at school, and he looks... he looks great. He's a really good guy, and very, very well respected here in town. And on the 9th,

40

00:07:06.810 --> 00:07:20.370

Town Hall Meeting Room: Mayor Simmons and I in Stanford will be announcing the, confirming in the next couple of days. We're gonna do our cleanup again at Roger... at, Rosa Hartman Park in Stanford. That should start at 11 o'clock, and then later that...

41

00:07:20.370 --> 00:07:36.689

Town Hall Meeting Room: day at 4 o'clock is the No Wood Garden Club, and they'll be celebrating our 250th there, and that's over at the Seaside Gardens on Todd's Point. And for those who may not know or go there, it's a beautiful area. It looks out over the,

42

00:07:36.690 --> 00:07:45.139

Town Hall Meeting Room: the harbor there, and the No Wood Garden Club maintains that area. So, we want to thank them, and if you're around that day, please stop by.

43

00:07:45.440 --> 00:08:02.639

Town Hall Meeting Room: Okay, over to you, Lauren. Good morning. Good morning. Lots of activity. It's definitely the busy time of year. There's so many more things that you, could have mentioned, so we'll be, it'll be nice to see everybody around town and be at the various events.

44

00:08:02.740 --> 00:08:18.760

Town Hall Meeting Room: We had the waste-free, Greenwich event, on Saturday, and I was really thrilled to, win the raffle to have a consultation with the nutritionist on how to eat more plant-based.

45

00:08:18.960 --> 00:08:35.219

Town Hall Meeting Room: So, I look forward to sharing what I learn, from that, and, applying it to what we could all be doing from a sustainability, perspective. I personally love meat, so it'll be interesting, but I'm gonna give it a shot.

46

00:08:35.240 --> 00:08:48.979

Town Hall Meeting Room: Last night was the Boys and Girls Club Youth of the Year dinner, and we were... I was surprised to know that our own Joe Cisliano was a club kid back in the day.

47

00:08:48.980 --> 00:09:02.929

Town Hall Meeting Room: Fred and I remember Joe from his island beach days. Fred thinks that he had his beach card taken away from Joe. I don't remember. I did have my beach card taken away, but I don't believe it was from Joe. It was a long story.

48

00:09:03.260 --> 00:09:22.220

Town Hall Meeting Room: Rachel and I were able to do the Women in Government event on Sunday for the Girl Scouts, so that was really nice to give them a tour of some of the rooms on the first floor. One of the exciting things that we always point out is the room with all the former boards of selectmen photos.

49

00:09:22.220 --> 00:09:38.049

Town Hall Meeting Room: And what's wrong with the... the pictures on the wall? First, they'll say, or what's different about the pictures, that's what we ask. First, they'll say, oh, some are in color. That's the first thing that they say. Then they realize how few women there are on the... on the board, so,

50

00:09:38.050 --> 00:09:50.199

Town Hall Meeting Room: Future leaders, hopefully to change that. And then just some of the things that I've been working on, the Riverside School Building Committee, the RFPs for the architect, are gonna be open today.

51

00:09:50.200 --> 00:10:10.059

Town Hall Meeting Room: opened today, so we'll be able to start to interview the potential candidates to select an architect for the school. Continue to work with all the nominations for boards, commissions, and committees. Rachel and Fred, we're gonna have a busy couple of months coming up, because there was a lot of

52

00:10:10.060 --> 00:10:13.409

Town Hall Meeting Room: term expirations in, June.

53

00:10:13.410 --> 00:10:27.939

Town Hall Meeting Room: And, still working on our event that we plan on holding on June 22nd, trying to get the invites out to the folks that are invited, to that meeting. So those are kind of the big things that I'm working on right now.

54

00:10:28.820 --> 00:10:33.879

Town Hall Meeting Room: Thank you, Lauren. Good morning, Rachel. Good morning. Good morning, everybody.

55

00:10:33.880 --> 00:10:47.339

Town Hall Meeting Room: First, I'd like to recognize April as Sexual Assault Awareness Month, and in Connecticut, 41% of women have experienced sexual violence. We know that there's a lot more work to

do to continue to raise awareness about sexual assault.

56

00:10:47.340 --> 00:10:58.920

Town Hall Meeting Room: And to remove the stigma for victims of sexual assault. And I'm glad that there are many organizations in our town and nearby, like the YWCA and the Rowan Center, that are doing this important work.

57

00:10:59.850 --> 00:11:17.100

Town Hall Meeting Room: Last week, I was pleased to host the Connecticut State Treasurer in a conversation. He shared information on Connecticut's fiscal health. Our state's budget reserve fund, our rainy day fund, is fully funded at about \$4.8 billion. We've also put about \$10 billion into our state's pension funds.

58

00:11:17.100 --> 00:11:24.630

Town Hall Meeting Room: And the past 3 years' returns have been significant, putting us in the top 17% of our peers, so that's all very good news.

59

00:11:24.630 --> 00:11:34.859

Town Hall Meeting Room: Also last week, I joined a Greenwich High School civics class. It, was really fun and great to see so many young people interested and engaged in the political process.

60

00:11:34.930 --> 00:11:43.519

Town Hall Meeting Room: Got a lot of great questions about my work in the state legislature, and a select woman, and, inquiring about my experience working across the aisle.

61

00:11:43.520 --> 00:11:57.430

Town Hall Meeting Room: Also, last week, all three of us attended the First Lechman's Youth Commission Debate for Democracy, where seven young adults debated the merits of government aid programs, and like Lauren mentioned, we participated in the Girl Scouts Women in Government event.

62

00:11:57.520 --> 00:12:06.789

Town Hall Meeting Room: It was a very lively event, and the Girl Scouts and League of Women Voters did an amazing job of introducing our town and state government to these young participants.

63

00:12:06.790 --> 00:12:21.770

Town Hall Meeting Room: And it's just amazing to see how many young and articulate and curious young people we have in town, and I hope that they're gonna feel empowered, to reach out to their elected officials if they have any questions or suggestions, and to one day consider running for office.

64

00:12:22.160 --> 00:12:44.789

Town Hall Meeting Room: Also, there were a lot of Earth Day events over the past weekend. Attended the Rethink Waste Fair, hosted by Waste Free Greenwich, which was fantastic and really well attended. Lots of organizations and town departments, doing amazing things to protect our environment. There are a couple of more events, coming up this weekend. Fred mentioned the Live Like Luke Beach Cleanup,

65

00:12:45.070 --> 00:12:58.139

Town Hall Meeting Room: At Koskob Library at 2 o'clock on Saturday, there's the extraordinary Caterpillar movie, which is a short documentary that reveals a vital and often overlooked role caterpillars play in our ecosystems.

66

00:12:58.140 --> 00:13:08.670

Town Hall Meeting Room: And on April 29th, there is the Invasive, Species Lecture, hosted by the, Greenwich Conservation Department, and,

67

00:13:08.670 --> 00:13:14.280

Town Hall Meeting Room: The Greenwich Land Trust Conservation Director, Dan Brubaker, is going to discuss how invasive plants

68

00:13:14.280 --> 00:13:28.409

Town Hall Meeting Room: species damage or local ecosystems. And that's at the Cohen Eastern Greenwich Civic Center from 7 to 8 p.m. Also, on May 2nd is Household Hazardous Waste Day at Island Beach from about 9am to 1 p.m.

69

00:13:28.410 --> 00:13:34.270

Town Hall Meeting Room: And, just an update on the school building committees, on...

70

00:13:34.270 --> 00:13:50.250

Town Hall Meeting Room: At Old Greenwich, fences were installed in the... at the Old Greenwich School over April break, as I think I

mentioned at our last meeting. The building committee's website has a dashboard that's going to be continuously updated to keep people informed of developments.

71

00:13:50.250 --> 00:14:04.580

Town Hall Meeting Room: Temporary fencing and a corridor wall have been installed, and a fire drill was conducted with students, staff, and the fire marshal, and we're gonna see the installation of drainage, as well as excavation and soil removals, with an eye to starting the foundation's,

72

00:14:04.600 --> 00:14:07.949

Town Hall Meeting Room: On... once the school, year ends.

73

00:14:08.070 --> 00:14:14.809

Town Hall Meeting Room: And the building is committee... the building committee is planning to release monthly communications, just like the Central Middle School Building Committee.

74

00:14:14.920 --> 00:14:26.790

Town Hall Meeting Room: Julian Curtis School Building Committee is making progress towards its goals. The ADA-compliant and secure front entrance are complete. Just a few little punch list items remaining.

75

00:14:26.790 --> 00:14:51.729

Town Hall Meeting Room: The elevator passed inspection and is now fully functional, which is great. That's been... took a couple months to get there. Cafeteria renovations are scheduled to begin this June, and initial work was performed during April break, and this should be completed at the beginning of the school year. And finally, the final phase, which is the ADA classroom work, is in the capital budget for the Board of Ed for next year, with plans to complete in summer of

76

00:14:51.730 --> 00:15:04.190

Town Hall Meeting Room: 2027. And, Julian Curtis is going to hold a ribbon-cutting ceremony for the project on September 14th at the school, celebrating the milestones of the first few phases of the project. So,

77

00:15:04.670 --> 00:15:14.890

Town Hall Meeting Room: That's a lot of exciting news on both of those schools, and one more event that I want to highlight this weekend is the Round Hill Volunteer Fire Company Family Fun Day at Whitby School.

78

00:15:16.470 --> 00:15:40.189

Town Hall Meeting Room: Thank you. As you can see, there's a lot going on. Oh, I had two questions, if you don't mind. Sure. Yeah. I received two questions from residents. I think a couple months ago, we spoke about, the Byram Marina opening on April 15th, and I just was wondering where that was. And also, I had some questions about the, Havermeyer Building, because last... about a year ago, we had a public hearing, and

79

00:15:40.190 --> 00:15:46.610

Town Hall Meeting Room: So... So, I'll take the second one, first. So, the Havmeyer Building, I've put in the budget

80

00:15:47.130 --> 00:15:52.869

Town Hall Meeting Room: because the whole point, the whole holdup here has been finding a home for the Board of Education, which...

81

00:15:53.230 --> 00:16:12.019

Town Hall Meeting Room: as you heard from Dr. Jones, they really want to get out of there for several reasons. And also, it's to reclaim a building that is beautiful, that can be refurbished and repurposed, and really be a game changer for that part of Greenwich Avenue. So I've put in the budget, money to, build

82

00:16:12.020 --> 00:16:25.800

Town Hall Meeting Room: another building structure in the back here, in the second deck of the parking lot, connected to this building here. Trying to keep as many... as much of the views as possible. We're figuring out the parking right now there, we don't want to lose any parking.

83

00:16:25.800 --> 00:16:28.760

Town Hall Meeting Room: But the good news is,

84

00:16:29.090 --> 00:16:33.069

Town Hall Meeting Room: If we did nothing and just refurbished that building.

85

00:16:33.130 --> 00:16:37.150

Town Hall Meeting Room: First of all, they don't need it, they only take up about 19,000 square feet.

86

00:16:37.160 --> 00:16:48.930

Town Hall Meeting Room: it's 53,000 square feet, the building, so it's a waste. But to redo that building, it's gonna be a lot. We think probably, conservatively, \$40 million, probably a lot more.

87

00:16:48.930 --> 00:17:04.079

Town Hall Meeting Room: this building here, the estimate was to do here at \$26 million, so you figure \$30 million by the time it's done. The cost savings, the cost avoidance is in our favor there, so that's where that is right now, and again, everybody is aligned on this.

88

00:17:04.079 --> 00:17:11.410

Town Hall Meeting Room: We want to get this done. So, we're, oh, and also, just so you know, I have a \$5 million pledge.

89

00:17:11.599 --> 00:17:17.500

Town Hall Meeting Room: From a local resident here, who is really excited to see the,

90

00:17:17.619 --> 00:17:24.720

Town Hall Meeting Room: building repurposed as long as there is an auditorium in there, and I spoke to, the

91

00:17:25.020 --> 00:17:36.749

Town Hall Meeting Room: The firm that was the one chosen by the task force to do a hotel and a rooftop bar and restaurant, and they are all in on redoing the auditorium for the public.

92

00:17:37.240 --> 00:17:54.940

Town Hall Meeting Room: So, that's \$5 million we did not expect there. The other one's a total public-private partnership, but this... that's, you know, something that was a gift, so we're really happy about that. So that's that one, and the second one is 15th, Joe, for the Marina Byram? Is it...

93

00:17:55.270 --> 00:17:56.819

Town Hall Meeting Room: Are we on schedule for that?

94

00:17:57.700 --> 00:17:59.040

Town Hall Meeting Room: Check with the boss.

95

00:18:01.320 --> 00:18:02.130

Town Hall Meeting Room: Thank you.

96

00:18:02.710 --> 00:18:09.849

Town Hall Meeting Room: I just received an update yesterday. We're just running... the supply's just running behind on the ramp that has to go in.

97

00:18:09.850 --> 00:18:28.289

Town Hall Meeting Room: Obviously we had a cold winter, they couldn't pour concrete and stuff, so we're a little bit behind the schedule. We are making arrangements for anybody that wants to put their boat in the water to be in Grass Island. We have about 7 people that have migrated over the line and come into Grass Island, and we'll continue to do that, but we're hopeful that by the 15th, this will be complete.

98

00:18:28.500 --> 00:18:42.420

Town Hall Meeting Room: Thank you, gentlemen. So if anybody wants to put their boat in, please contact the office, and we'll make an arrangement to put your boat in at Grass Island, temporarily, until this is complete. 15th of May. Excuse me? 15th of May. 15th of May, yeah.

99

00:18:42.830 --> 00:18:44.429

Town Hall Meeting Room: Thank you, Joe.

100

00:18:45.050 --> 00:19:02.139

Town Hall Meeting Room: Thank you, Rachel. Going on to Old Business, we have the, first up, the request for the approval of a municipal improvement, or MI, referral to the Planning and Zoning Commission for the lease of office space at the Old Greenwich Riverside Community Center, Inc, from the Cohen Eastern Greenwich Civic Center. It's a second read.

101

00:19:02.140 --> 00:19:05.749

Town Hall Meeting Room: And our Assistant Town Attorney, Rose Barrett, is here.

102

00:19:06.110 --> 00:19:07.280

Town Hall Meeting Room: Courtney Rosa.

103

00:19:07.440 --> 00:19:11.100

Town Hall Meeting Room: It is technically the office space,

104

00:19:11.100 --> 00:19:33.010

Town Hall Meeting Room: Rose, your mic's off. On a rental agreement, and... Rose? Your mic's off. Oh, sorry about that. I thought it was pretty loud to begin with. All right, excellent. We heard you. So, yes, so this is, to have a lease for a term of initially 5 years with,

105

00:19:33.030 --> 00:19:46.849

Town Hall Meeting Room: Options to renew, for another 5 years, two options to renew. Are there any questions on this, request for municipal improvement referral to, town planning and zoning?

106

00:19:47.070 --> 00:19:53.790

Town Hall Meeting Room: Don't see any. Thank you. Excellent, thank you so much. Thank you, Rose. Thank you. So, is there a motion?

107

00:19:54.260 --> 00:19:58.879

Town Hall Meeting Room: For the request to approve my referral to Planning Zoning?

108

00:19:59.510 --> 00:20:01.310

Town Hall Meeting Room: Lauren Rabin, so moved.

109

00:20:01.420 --> 00:20:08.750

Town Hall Meeting Room: Rachel Kahn, I second the motion. All those in favor, Fred Camillo is a yes. Lauren Rabin, a yes. Rachel Kahn is a yes. Okay, thank you.

110

00:20:09.160 --> 00:20:28.510

Town Hall Meeting Room: Okay, next up is a request for the temporary road closure of Veterans Way on May 24, 2026 for the Memorial Day event. Is John Mack right here? He is on Zoom, and he is ready to give an update, I believe. Okay. John, you can speak. Thank you. Yes, we can. We can.

111

00:20:28.510 --> 00:20:47.940

macri: So, things are status quo. I submitted an application, a third party application to the Greenwich Police Department is completed. I just need to pick it up, either later on this afternoon or tomorrow.

And, in, in reference to the,

112

00:20:48.140 --> 00:20:51.789

macri: Tenant on the second floor above,

113

00:20:51.830 --> 00:21:08.849

macri: burgers, shakes, and fries. We have not been able to contact them. I've made several attempts to do so. I will continue to do so, although the Byron Veterans have a contingency plan. If they need to get in and out of their garage, we will use half of the street.

114

00:21:08.850 --> 00:21:14.610

macri: The police, I think, would rather have us do that, so any kind of emergencies, they can have that.

115

00:21:14.610 --> 00:21:23.619

macri: So we have a contingency plan if we need to do that, it's not a big deal. I will continue to, contact the, the tenant.

116

00:21:24.640 --> 00:21:33.110

macri: just, to, just to cover our bases there. But, everything else is, as status quo and, and, appropriate. Thank you.

117

00:21:33.860 --> 00:21:39.210

Town Hall Meeting Room: She didn't sign up. Okay, John, thank you so much.

118

00:21:39.320 --> 00:21:57.629

Town Hall Meeting Room: So, I think that's, that's very reasonable, and even though you made several attempts and couldn't get to the, tenant there, the fact that there's a contingency there in case there's an emergency is good, and I think that's, for all of us, that's, something that we...

119

00:21:57.800 --> 00:22:02.240

Town Hall Meeting Room: would, you know, prefer. So thank you, and, I think we're ready to vote.

120

00:22:04.370 --> 00:22:21.600

Town Hall Meeting Room: So is there a request to approve the temporary road closure on May 24th over at Veterans Way in Byram? Lauren Rabin,

so moved. Rachel Kahn, I second the motion. All those in favor, Fred Camillo's a yes. Lauren Rabin is a yes. Rachel Kahn is a yes. Okay, thank you.

121

00:22:21.680 --> 00:22:25.270

Town Hall Meeting Room: Okay, going on. And thank you, John, appreciate it.

122

00:22:25.500 --> 00:22:26.000

macri: You're welcome.

123

00:22:26.000 --> 00:22:27.879

Town Hall Meeting Room: We'll see you. See you in a few weeks.

124

00:22:28.230 --> 00:22:31.209

Town Hall Meeting Room: And congrats on the birth of your granddaughter!

125

00:22:32.030 --> 00:22:32.860

macri: Thank you.

126

00:22:33.420 --> 00:22:34.560

Town Hall Meeting Room: Congratulations.

127

00:22:34.770 --> 00:22:35.730

macri: Thank you very much.

128

00:22:36.770 --> 00:22:54.999

Town Hall Meeting Room: Have a good one. Okay, number 3 in the list of old business, we have 4 before we go on to new business, is the Board of Selectmen's decision on the 88 grievance from Lorene Taylor, and Lisa Waller is here, our Assistant Town Attorney, and... should I just read the decision?

129

00:22:55.600 --> 00:23:01.140

Town Hall Meeting Room: Okay, so... The findings and recommendations.

130

00:23:02.670 --> 00:23:18.430

Town Hall Meeting Room: The board has reviewed the grievance, the ADA coordinator's grievance response letter, and the ADA coordinator's

addendum to the grievance response letter. The board has also received legal guidance from the Law Department, and has met with and heard from Ms. Taylor in regard to the basis for her appeal.

131

00:23:18.430 --> 00:23:25.569

Town Hall Meeting Room: And in an uninterrupted statement that made... that was made virtually during the meeting held on April 9th, 2026,

132

00:23:25.630 --> 00:23:37.469

Town Hall Meeting Room: what was partly a video statement and partly only an oral statement, in accordance with Ms. Taylor's desires and or needs, as was explained by her prior to the delivery of her statement.

133

00:23:37.680 --> 00:23:55.269

Town Hall Meeting Room: The Board is cognizant of and sensitive to the town's duties and responsibilities under Title II of the ADA, and reaffirms the Town's commitment to providing individuals with disabilities with an equal opportunity to participate in and benefit from town services, programs, and activities.

134

00:23:55.560 --> 00:24:07.290

Town Hall Meeting Room: The Board does not take lightly its role as set forth in the grievance procedure under the Americans with Disabilities Act that was adopted in compliance with the ADA and that remains a cornerstone of town protocol.

135

00:24:07.970 --> 00:24:19.139

Town Hall Meeting Room: The board is also mindful of the fact that the appeal has raised an issue that is sensitive to the complainant and has exercised attentiveness and thoughtfulness in deliberating the issues raised.

136

00:24:19.170 --> 00:24:36.759

Town Hall Meeting Room: Based on the facts presented in this particular matter, the Board does not believe that the Town or the Commission of the Planning and Zoning has violated Ms. Taylor's rights under Title II of the ADA, or discriminated against or on the basis of disability in the provision of services, activities, programs, or benefits.

137

00:24:37.490 --> 00:24:51.570

Town Hall Meeting Room: It is therefore the Board's recommendation that the Town adopt and affirm the ADA Coordinator's Grievance

Response Letter dated January 21st, 2026. It should be noted, as of February 2nd, 2026,

138

00:24:51.630 --> 00:24:58.039

Town Hall Meeting Room: The Commission on Planning and Zoning began posting an ADA accommodation-related information on...

139

00:24:58.110 --> 00:25:08.259

Town Hall Meeting Room: on their public notices, and continues to do so in compliance with ADA Title II Regulation Section 35-130B, Section

140

00:25:09.000 --> 00:25:11.950

Town Hall Meeting Room: 6. I was gonna say 11.

141

00:25:12.360 --> 00:25:34.900

Town Hall Meeting Room: It should also be noted that the Planning and Zoning Commission has permitted the complainant to provide both written and verbal comments to them, and shall continue to ensure that her voice is heard as it relates to relevant comments on agenda items at future commission meetings. Lastly, the Board agrees to accept the recommendation of the 8A coordinator that the Town review the practices...

142

00:25:34.900 --> 00:25:43.290

Town Hall Meeting Room: to ensure that all departments are fully informed of their responsibilities pursuant to the Americans with Disabilities Act so that they are fully compliant.

143

00:25:43.290 --> 00:25:50.439

Town Hall Meeting Room: By issuing this response to the appeal, the Board has discharged their duties as required by the grievance procedure.

144

00:25:50.670 --> 00:26:02.300

Town Hall Meeting Room: Dated April 22nd, 2026. Fred Camillo, first selectman. Lauren Rabin, select woman. Rachel Khanna, Select Woman. I apologize for my voice. I'm starting to go.

145

00:26:03.980 --> 00:26:06.469

Town Hall Meeting Room: Any questions or comments?

146

00:26:08.860 --> 00:26:09.690

Town Hall Meeting Room: Yes.

147

00:26:09.980 --> 00:26:11.259

Town Hall Meeting Room: We have that here.

148

00:26:11.460 --> 00:26:14.759

Town Hall Meeting Room: Thank you, and thank you, and thank you, Demetra.

149

00:26:16.470 --> 00:26:31.549

Town Hall Meeting Room: Okay. Last item under, new business is a request for... to raise a flag of May 20... on May 26, 2020... May 22nd, 2026, for the U.S. Merchant Marines Day flag. Thank you.

150

00:26:31.750 --> 00:26:34.029

Town Hall Meeting Room: Mr. Wold is here.

151

00:26:34.680 --> 00:26:38.810

Town Hall Meeting Room: And he can step up to the microphone? Just sign that there. Thanks.

152

00:26:40.050 --> 00:26:40.750

Town Hall Meeting Room: Okay.

153

00:26:46.210 --> 00:26:47.020

Town Hall Meeting Room: Thank you.

154

00:26:49.850 --> 00:26:54.540

Town Hall Meeting Room: Board of Select, thank you for taking my application, and

155

00:26:54.940 --> 00:27:09.780

Town Hall Meeting Room: I would like to just add a few comments. As you know, we are celebrating the 250th anniversary, and it is the 250th anniversary of the U.S. Merchant Marine part of the Armed Forces.

156

00:27:09.940 --> 00:27:14.290

Town Hall Meeting Room: This morning, I went over to Old Greenwich and

found

157

00:27:14.550 --> 00:27:31.749

Town Hall Meeting Room: Samuel Lockwood, who was, a sea captain here in town, and he was one of the first who got, the license to be a privateer, under the Revolutionary War,

158

00:27:32.970 --> 00:27:39.880

Town Hall Meeting Room: service. He was later on, joined... the Connecticut,

159

00:27:40.340 --> 00:27:53.129

Town Hall Meeting Room: militia, which later became the Continental Army, and he fought, and he also captured several transportations, to the British, in the Long Island Sound.

160

00:27:53.820 --> 00:27:55.480

Town Hall Meeting Room: We...

161

00:27:56.090 --> 00:28:12.760

Town Hall Meeting Room: have requested this, flag raising as a recognition also of the Connecticut Maritime Association, which was founded here in town, and gathers merchant Marines from all over the world every year at the conference.

162

00:28:13.560 --> 00:28:22.650

Town Hall Meeting Room: I also did some research recently, and we are going to celebrate and have a great event this summer with, the Dutch

163

00:28:22.810 --> 00:28:26.290

Town Hall Meeting Room: ship. Ustenschell?

164

00:28:26.530 --> 00:28:29.610

Town Hall Meeting Room: I'm not quite sure the pronunciation is correct.

165

00:28:29.790 --> 00:28:34.070

Town Hall Meeting Room: Which I've... Close enough. Close enough for you. Okay, good.

166

00:28:34.440 --> 00:28:37.519

Town Hall Meeting Room: I also found that that was...

167

00:28:37.720 --> 00:28:44.799

Town Hall Meeting Room: used in World War II. In 1943, she sailed out from Denmark, and

168

00:28:45.120 --> 00:28:59.270

Town Hall Meeting Room: she hit some magnetic mines that had been placed in World War II, so she had to go back into repair. So she's also part of the U.S, or the merchant marine of the Allied Forces back then.

169

00:28:59.490 --> 00:29:06.329

Town Hall Meeting Room: We celebrate, every year, or not celebrate, we honor and respect

170

00:29:06.460 --> 00:29:12.480

Town Hall Meeting Room: the contribution of several U.S. Merchant Marine people on Memorial Day here in town.

171

00:29:12.630 --> 00:29:21.260

Town Hall Meeting Room: So I feel, together with the approval of the slate in January of the Armed Forces, and,

172

00:29:21.470 --> 00:29:38.589

Town Hall Meeting Room: with the endorsement also from Peter LeBeau, the commander of the American Legion, I feel it's appropriate that this year, the 250th, that we celebrate all branches of the armed forces that was established during the American Revolution. So I hope this could be a favorable...

173

00:29:39.540 --> 00:29:51.100

Town Hall Meeting Room: Results from your votes? Just to state for the record, this request is being made on behalf of the Sons of the American Revolution. That's correct. Okay. Thank you.

174

00:29:51.200 --> 00:29:54.120

Town Hall Meeting Room: So, just for the background information.

175

00:29:54.490 --> 00:29:58.609

Town Hall Meeting Room: We wanted, again, to not drive everybody crazy with...

176

00:29:58.630 --> 00:30:18.139

Town Hall Meeting Room: flag raisings all the time, so we wanted to go through the American Legion. The new commander, I reached out to him on this, and he socialized it with them, and they didn't see a reason to raise this, and so we want to stick to that policy. So that's, you know where my vote's going on this, but certainly, if you want to keep talking to them, all they have to do is

177

00:30:18.140 --> 00:30:29.970

Town Hall Meeting Room: If they support it in the future, happy to add that to the list. But again, no, I'm not done yet. We're not having a debate. I'm just telling you the reason why. You were told this was the policy.

178

00:30:29.970 --> 00:30:38.690

Town Hall Meeting Room: And what you did is you went around again and tried to come back and circumvent the process that we established. So, again.

179

00:30:38.750 --> 00:30:54.709

Town Hall Meeting Room: I am not... we are not gonna be going back and forth every two meetings with new flag raisins. We used to do about 8 a year, we're probably close to about 30 now. And it's taxing on the people here to remember everything, and also, we've had some issues.

180

00:30:54.790 --> 00:30:58.869

Town Hall Meeting Room: And, you know, with you and some of these flag raisings. So.

181

00:30:58.900 --> 00:31:14.999

Town Hall Meeting Room: We wanted to do it with the American Legion. Whatever they want to do, they can come here with the flag policy, we will vote on it, and certainly we'll support it. But we're not going to do these one-offs. It just gets too chaotic. And we told you that before, and you brought it back again. And John McCormick is the commander.

182

00:31:15.040 --> 00:31:20.950

Town Hall Meeting Room: Okay, and so we... you went around that. So, we're not gonna debate it, so we'll... we'll...

183

00:31:20.960 --> 00:31:22.490

Town Hall Meeting Room: I have the vote here.

184

00:31:22.490 --> 00:31:41.270

Town Hall Meeting Room: But certainly, on the 22nd, we're not gonna have the... well, I don't... whatever have the vote with. The vote is no, there won't be a flag raising, but you certainly could let us know if you wanted to do some type of ceremony there, that's... I think that's fine. But as far as these flag raisins, we're trying to stick to a policy and not be chaotic.

185

00:31:41.270 --> 00:31:43.190

Town Hall Meeting Room: You're the only one that does this.

186

00:31:43.190 --> 00:31:56.899

Town Hall Meeting Room: And we told you this more than once, and I hate to bother and to, you know, do this in front of everybody, but you make me do this all the time. All the time. And you've been told. So, is there...

187

00:31:57.090 --> 00:32:07.140

Town Hall Meeting Room: No, no, we're not... no, no, I'm not recognizing. We're not gonna go into... you do this all the time. We're not going to go into a debate. We have other items to discuss, and then we also have executive session.

188

00:32:07.440 --> 00:32:10.360

Town Hall Meeting Room: You already knew what the policy was.

189

00:32:10.800 --> 00:32:13.329

Town Hall Meeting Room: So, anyway, is there a motion?

190

00:32:13.620 --> 00:32:18.980

Town Hall Meeting Room: to, approve the flag raising for May 22nd for the U.S. Merchant Marines Day.

191

00:32:20.680 --> 00:32:27.650

Town Hall Meeting Room: Is there a motion for a flag raising on May 22nd, 2026, from U.S. Merchants Marine Day?

192

00:32:27.750 --> 00:32:42.839

Town Hall Meeting Room: Going a third time, is there a request to raise the flag for the U.S. Merchant Marines Day flag on May 26th? Seeing no second, it fails, but again, you could certainly... if you want to do something there that day, just let us know, we'll make sure

193

00:32:42.940 --> 00:32:54.020

Town Hall Meeting Room: We tell everybody, Luigi, we have everybody, and Tommy Crusoe, as long as there's nothing else going on there, that's fine. But as far as these flag raisins, we want to keep it the way we have it.

194

00:32:54.020 --> 00:33:08.169

Town Hall Meeting Room: which is not chaotic, and we want to make sure it's... we can't be doing this all the time. We want to be able to go through... when there's military flags, there's a lot of them, and we've approved a lot of them. We want to make sure we go through the American Legion, and that's what we decided a while ago.

195

00:33:08.170 --> 00:33:10.559

Town Hall Meeting Room: But also, you brought up the,

196

00:33:10.660 --> 00:33:21.279

Town Hall Meeting Room: the, the Dutch ship coming in, later in June. We have, details coming out on that. There's gonna be lots of events. We're also gonna have a return to veterans

197

00:33:21.280 --> 00:33:32.439

Town Hall Meeting Room: event, that day. As you know, Jim Carrier used to do that a lot here at, every year over in the back of Town Hall, here, and also over at the high school.

198

00:33:32.440 --> 00:33:42.050

Town Hall Meeting Room: It stopped for several years, but, Tom Galvin, reached out to Jim Carrier, who reached out to me, and we're gonna do that again, to salute,

199

00:33:42.050 --> 00:33:53.050

Town Hall Meeting Room: our veterans, again, on that day, but there'll be a lot... lots going on that weekend, and lots going on in the coming weeks. We will get all the details out, but we're gonna make sure all the veterans know about that, so...

200

00:33:53.050 --> 00:33:57.220

Town Hall Meeting Room: Thank you to, Tom, Galvin for bringing that back.

201

00:33:57.870 --> 00:34:07.470

Town Hall Meeting Room: Under new business, our first one is a request for the approval of the State Streets Action Plan. Michael Kisilak is here, our civil engineer for DPW.

202

00:34:08.880 --> 00:34:10.000

Town Hall Meeting Room: Morning, Michael.

203

00:34:10.179 --> 00:34:35.180

Town Hall Meeting Room: Good morning, thank you for having me back. Again, Michael Kieslak, Civil Engineer, for DPW. So we're here looking for the Boris Lechman as the town's, local traffic authority, to endorse the final, Safe Streets for All Safety Action Plan, that we've been working on under the federal, grant program for the last, couple years. So, as I think you were all in attendance a couple

204

00:34:35.179 --> 00:34:59.600

Town Hall Meeting Room: about a month and a half ago, we had a public meeting, on the draft plan, and now we've incorporated, the feedback there, gone through it all. We had, you know, about 30-plus people attend, had, you know, dozens of comments in person and online, on that. We've incorporated, a lot of the feedback, on that, and so now we have the final plan that we're looking to have

205

00:34:59.600 --> 00:35:13.289

Town Hall Meeting Room: have endorsed. The feedback was mostly, you know, supportive. You know, traffic safety, you know, mobility is definitely an important, topic. So a lot of the things we heard people saying were actually,

206

00:35:13.340 --> 00:35:36.869

Town Hall Meeting Room: recommendations that were already in the plan, so we've made that a little bit more clear, in some places, like, you know, doing more outreach at the schools for bike, and pedestrian education, you know, outreach on various traffic safety measures. We continue to agree that, you know, expanding the sidewalk networks and things like that are important, so that's in the plan. One thing we did add.

207

00:35:36.870 --> 00:35:59.590

Town Hall Meeting Room: We continue to hear that, you know, parking in a lot of the villages causes a lot of friction, and there's some safety overlap with that, so we heard that again at the public meeting. So we've added, a recommendation, to do further, you know, studies on a case-by-case basis there, to see if anything can be done with regard to that. And those were the main changes. We also, you know.

208

00:35:59.590 --> 00:36:23.420

Town Hall Meeting Room: heard a lot about specific, locations, which, unfortunately, we only have so much bandwidth in DPW, in town-wide, so, we're trying to, to have, a prioritized, approach to this, which is data-driven. So while we understand that everybody has locations of concern, we're, you know, we're sticking with the prioritization that, that was developed,

209

00:36:23.450 --> 00:36:32.510

Town Hall Meeting Room: with the plan. So those were the main, points of feedback from the... from the meeting. I don't... I'm not gonna go through the entire plan. It was in your...

210

00:36:32.510 --> 00:36:57.499

Town Hall Meeting Room: packet, hopefully Ken saved some paper and didn't print out the whole thing for everybody. In the name of sustainability, we did not want to chop down a bunch of trees. There you go. So the updated plan is on our website, along with the full appendix, which is the toolbox of countermeasures, which are the specific, you know, physical improvements that can be made on a case-by-

211

00:36:57.500 --> 00:37:22.479

Town Hall Meeting Room: case basis, sort of an engineering toolbox. So we have that. People are welcome to take a look at. So we are looking to have the board endorse this, not this meeting, but the next one, and that keeps us in line with the upcoming grant, notice of funding opportunity that just came out for the Safe Streets, grant program. So, unfortunately, they, compressed the timeline on that grant application

212

00:37:22.480 --> 00:37:23.510

Town Hall Meeting Room: By about a month.

213

00:37:23.510 --> 00:37:47.009

Town Hall Meeting Room: From what we were expecting, so, you know, we have to, try to get the action plan adopted before we're eligible to, to apply for, implementation funding. And so, after this, we're... we're going to continue doing outreach and looking into specific... some of the high-priority specific locations that we're going to be doing, for the, for that grant application. We've already started talking with

214

00:37:47.010 --> 00:38:08.200

Town Hall Meeting Room: some of the neighborhood groups about those, and there will be more to come, but those are sort of separate from the action plan itself. It's a follow-up, so we want to get the action plan completed first. So, any questions on it? Thank you, Michael. Yeah, as far as the neighborhood groups, you've reached out to them, have you set up dates to meet with them?

215

00:38:08.220 --> 00:38:24.939

Town Hall Meeting Room: Yes, exactly. So, back in November, we initially went out on site to 6 or 7 locations, with, some of the RTM delegates for the specific districts, some of the neighborhood groups, like the BNA, the Northeast Greenwich Association we've spoken to,

216

00:38:24.950 --> 00:38:41.480

Town Hall Meeting Room: Can't remember all of them off the top of my head, but we definitely reached out, you know, Costco Association we reached out to, just to give them a chance, and then we, as we've been developing some of the concept plans, we've been, reaching back out to those, to those groups, so trying to keep the, them engaged before we get the general,

217

00:38:41.480 --> 00:38:53.069

Town Hall Meeting Room: Public. Thank you. And I want to compliment you, because it's, you know, we've been focused on public safety for 6 years, and you're doing a great job. All the departments are, and DPW's certainly leading on that.

218

00:38:53.070 --> 00:38:57.339

Town Hall Meeting Room: But, just so you know, each neighborhood had sometimes different concerns.

219

00:38:57.340 --> 00:39:13.749

Town Hall Meeting Room: So, you know, we ran into something in Costco where, you know, they were concerned about something on the Post Road

crosswalk, and the same issue in Riverside was embraced. So, it's not something that everybody, you know, all these neighborhoods are different.

220

00:39:13.750 --> 00:39:28.870

Town Hall Meeting Room: If you'll go in Old Greenwich, they're very, very much active and on their bicycles, and much more so than other parts of town. So they're a little bit more open to certain things, and maybe another neighborhood might be for other reasons, but...

221

00:39:28.870 --> 00:39:38.899

Town Hall Meeting Room: We continue to try and fit into all of the neighborhoods their needs and necessities, but to also make sure people are out there exercising, walking, biking, and hiking, but doing so safely.

222

00:39:38.900 --> 00:39:43.550

Town Hall Meeting Room: So this is important that you're reaching out to all these neighborhood associations, so thank you.

223

00:39:43.550 --> 00:40:01.720

Town Hall Meeting Room: Absolutely. Yeah, we know it's not a one-size-fits-all solution for these different neighborhoods, so nothing in the plan dictates that a certain treatment has to go in any one location. It's sort of a realm of possibilities that we could look at in any, you know, on a case-by-case basis. But I imagine you would want some consistency, because

224

00:40:01.720 --> 00:40:03.120

Town Hall Meeting Room: You can't have...

225

00:40:03.420 --> 00:40:21.459

Town Hall Meeting Room: a treatment, and then, you know, a mile later, it's like a different treatment, you know, kind of thing. So I would imagine there has to be some level of consistency in how things are implemented. Yes, absolutely. I agree with that. I just... I want to thank you.

226

00:40:21.460 --> 00:40:23.150

Town Hall Meeting Room: The report is really...

227

00:40:23.150 --> 00:40:42.280

Town Hall Meeting Room: thorough, and I know you guys did a lot of, work, and it's... it shows in the report, so I want to thank you. And just a quick question. Is the plan to update the plan on a regular basis, or... or, you know, is it an ongoing, evolving document? Like, and your list... I know you have a top 20 list of roads and streets, is that gonna...

228

00:40:42.380 --> 00:41:02.109

Town Hall Meeting Room: eventually encompass some of the other ones that people had concerns about, and... Definitely, yeah, as we complete projects, I mean, you can even see in the, you know, we... our safety analysis was based on 2019 to 2023, and in that time, we've done a lot of work. So, you know, anytime a project gets done, you know, we... we want to make sure that we're,

229

00:41:02.110 --> 00:41:20.419

Town Hall Meeting Room: later on re-evaluating it. And yeah, so the plan would be, you know, approximately every 5 years or so to go back and do an update, sooner if necessary, but, we definitely want to keep an eye on the changing trends, and, you know, development happens, and we want to, keep an eye on that, yeah.

230

00:41:21.210 --> 00:41:23.709

Town Hall Meeting Room: Thank you. Thank you, Michael. Any...

231

00:41:24.210 --> 00:41:41.910

Town Hall Meeting Room: No, again, thank you, and I know that, you have the professional teams that you brought in, too, so it was really, all-encomptence... all-encomp... I can't say it. Troublesome. You had a lot of skill sets that were brought in, so that, I think, you know, just added more value to the plan.

232

00:41:42.760 --> 00:41:45.159

Town Hall Meeting Room: Thank you. Thank you, Michael. See you in a few weeks.

233

00:41:45.750 --> 00:41:53.179

Town Hall Meeting Room: Okay, next up is the update on the school's zone speed cameras. Sergeant J.D. Smith is here.

234

00:41:54.950 --> 00:42:09.520

Town Hall Meeting Room: We should say two of Greenwich's finest are here in the room today. Good morning. Thank you for having me. Chief

wasn't able to be here today, so here I am. I apologize, I have allergies going on, so my horse is... my throat's kind of going out as well. Sounds better than mine, so... Yeah.

235

00:42:09.520 --> 00:42:27.939

Town Hall Meeting Room: So, just to bring you up to speed, prior to the enforcement issue, or the implementation of the plan, okay, the reason why we brought this on was the CMS project, Central Middle School, they wanted that to be incorporated into their new project, and we looked townwide at different locations where we were having speed issues.

236

00:42:28.060 --> 00:42:40.810

Town Hall Meeting Room: And just some statistics, 64% of children pedestrians are killed, in traffic crashes between 6am and 6pm, Monday through Friday, okay? So that's school time hours, that kind of thing.

237

00:42:40.950 --> 00:42:55.179

Town Hall Meeting Room: Number one complaints we'll receive at GPD are speed and distracted driving complaints, okay? And what that does is reduce reaction times for drivers to react to a hazard on the road, and increase their braking distances to react to those hazards, okay? So by decreasing the speeds.

238

00:42:55.180 --> 00:43:03.780

Town Hall Meeting Room: We're increasing the safety for everybody walking around, biking, cycling, whatever. Even the illegal jaywalkers who decide not to cross at the crosswalks.

239

00:43:03.830 --> 00:43:11.209

Town Hall Meeting Room: they jump out on the road, that motorist has a little bit extra time to slow down and deal with that hazard, okay?

240

00:43:12.020 --> 00:43:13.530

Town Hall Meeting Room: The, Tower Gresh...

241

00:43:13.650 --> 00:43:21.580

Town Hall Meeting Room: Speed camera program was approved July 7th, 2025, by the Connecticut State DOT, so they reviewed and approved that plan.

242

00:43:21.660 --> 00:43:33.800

Town Hall Meeting Room: The program is not intended to replace police officers, who just want that to be clear. It's a force multiplier. Obviously, there's only so many of us out on the road, but this is a more efficient way of identifying violators.

243

00:43:33.800 --> 00:43:44.189

Town Hall Meeting Room: And when a violation is, received, and it is only done at that threshold, okay, so it's like your sprinkler system. It only captures when it reaches that speeding threshold.

244

00:43:44.190 --> 00:43:47.650

Town Hall Meeting Room: And then captures the violation forward to us. It's not every single car.

245

00:43:47.650 --> 00:44:05.860

Town Hall Meeting Room: Afterwards, an employee at our vendor, Blue Line, reviews it to make sure that the license plates are clear, legible, it is then forwarded to an officer here at the police department, and an officer reviews every single violation. So it's not carte blanche, everybody's getting a violation, but an officer reviews every single one.

246

00:44:06.390 --> 00:44:15.179

Town Hall Meeting Room: After the violation is reviewed, it is sent out by Blue Line, first class mail, to, the violator for their response, or contest.

247

00:44:15.550 --> 00:44:29.420

Town Hall Meeting Room: Over the course of the, program, the DOT and Town of Greenwich received complaints, and positive responses as well, from citizens regarding the program, and the DOT provided suggestions to the Town of Greenwich

248

00:44:29.530 --> 00:44:44.219

Town Hall Meeting Room: regarding the plan. There were suggestions, they were not that, nothing was installed incorrectly, just based on, civilian input saying, hey, maybe this light sign of lights, line of sights could be a bit better.

249

00:44:44.220 --> 00:44:57.209

Town Hall Meeting Room: Also there were some typos in the plan as well that had to be addressed, but nothing that was major, some branches, blocking signs, that kind of thing, but nothing that couldn't be

remedied in a quick and efficient manner.

250

00:44:57.210 --> 00:45:05.290

Town Hall Meeting Room: Currently, we've been working with the Town of Graduate Traffic Engineering, Blue Line, and us regarding those adjustments of signage.

251

00:45:05.550 --> 00:45:17.550

Town Hall Meeting Room: Upon learning that, some of the process was not met, the program was immediately suspended, and currently, no tickets have been issued since that time. The cameras are currently off.

252

00:45:18.460 --> 00:45:30.750

Town Hall Meeting Room: The town ordinance was voted on by the Board of Selectmen, and remained valid from the time that the ordinance was put into place. So that has not been, contested, and that remains valid.

253

00:45:31.210 --> 00:45:32.979

Town Hall Meeting Room: Let's see what we've got here.

254

00:45:34.520 --> 00:45:49.550

Town Hall Meeting Room: Speak, one big issue was the time period for contesting the violations. It was 10 days. We spoke with the vendor blue line. They're open to going to 30 days, but they would like the town ordinance to reflect 30 days as well, so there's consistency across the board.

255

00:45:49.550 --> 00:46:03.260

Town Hall Meeting Room: So we just need to follow up on that. Let's see here. We are still awaiting a reply from Connecticut DOT regarding the additional, time placards on signage saying when the times of enforcement are, to see if that's DOT compliant.

256

00:46:05.500 --> 00:46:07.040

Town Hall Meeting Room: Let's see here...

257

00:46:07.170 --> 00:46:24.849

Town Hall Meeting Room: We've gotten a lot of complaints about why aren't the signs brighter or lit up. There's very strict standards in place for the signage that must comply with federal regulations, so

they can't be colorful, lighting up, they're very strict, and what's out there now is compliant with federal and state regulations.

258

00:46:27.100 --> 00:46:42.659

Town Hall Meeting Room: Let's see. Just to highlight, you know, an issue of speeding. Most recently, we stopped a motorist. They're doing 80 miles per hour in a 30 mile an hour zone while driving 3 school-aged children to school. They were cited... actually, they were actually arrested for reckless driving and reckless endangerment, times 3 counts.

259

00:46:42.660 --> 00:47:04.719

Town Hall Meeting Room: And frequently, when we are reviewing those violations on the speed camera, going back, we're seeing speeds of 53 miles per hour in a 30 mile an hour zone, past Eagle Hill, Stanwish Road, past Central Middle School, 56 miles per hour, so people are doing those speeds. However, since the implementation of the program, we have noticed a reduction in speed and number of violators coming through to be processed.

260

00:47:04.790 --> 00:47:14.489

Town Hall Meeting Room: And I've also sent my motor officers out there, traffic officers out there, to do enforcement, and they have noticed a marked decrease in people speeding. We're still out there issuing infractions.

261

00:47:14.490 --> 00:47:26.699

Town Hall Meeting Room: to those that are, seen violating the law, but, it still appears that they're working. You're still... you're still... Yes. Yes, with the radar guns. Yep, lasers, radars. And you don't want to get caught with the radar gun.

262

00:47:26.700 --> 00:47:36.239

Town Hall Meeting Room: Yeah, and for a good reason. And we do receive a lot of positive and negative corresponds to the police department. We do our best to keep it up with everybody.

263

00:47:36.240 --> 00:47:50.570

Town Hall Meeting Room: So apologies if I haven't gotten back to you, but there's been a deluge of, complaints, and people have gotten tickets and said, I'm still for it, you know? So, there's a good majority of people who are still for the, the reduction of speed in school zones.

264

00:47:50.980 --> 00:48:02.009

Town Hall Meeting Room: Yeah, so no, thank you so much, and I'm glad you highlighted that, because people... even I had some questions about, you know, why can't we keep them lit up all flashing throughout the 8 hours or so that...

265

00:48:02.010 --> 00:48:26.239

Town Hall Meeting Room: And we have to comply with state law. But we can get some signage out there with hours of operation, which we are going to do. And as Sergeant Smith said, we're, working with Blue Line to get that 10-day window, because that was real... you could get a ticket, and if you're away for a couple days, by the time you get back, you may have missed it, and that wasn't fair. So, working out a lot of the kinks. I know that, several

266

00:48:26.380 --> 00:48:31.529

Town Hall Meeting Room: towns have reached out to us about this, that are in the process of doing it.

267

00:48:31.600 --> 00:48:49.240

Town Hall Meeting Room: Some are doing the cameras 24-7, so those out there that are thinking we're, it's a police state here, it's not. We're actually pretty lenient with this. The whole point is, as the sergeant said, speeding has come down. That's the point. It's come down. So...

268

00:48:49.410 --> 00:48:59.029

Town Hall Meeting Room: you know, I don't want to see people get tickets either, but, you know, when someone's going 83 in a, you know, with a 20 mile an hour zone, a 30-mile-an-hour zone.

269

00:48:59.080 --> 00:49:16.259

Town Hall Meeting Room: with 3 kids in the car, I mean, that's crazy. And that's not everybody, and there were some people who are not habitual speeders who got tickets, and who, as you said, they admitted they were wrong, but they're not the issue. We just want to get people in the habit of slowing down, and it's working.

270

00:49:16.340 --> 00:49:35.399

Town Hall Meeting Room: So, I want to thank you. And again, I apologize for any of the, the comments that were a little, over the top. We got a few here, too. But, most people I talk to around town, even the ones that are complaining about it, are all for reduced

speeding. So, thank you.

271

00:49:35.860 --> 00:49:36.630

Town Hall Meeting Room: Right.

272

00:49:36.830 --> 00:49:47.860

Town Hall Meeting Room: just add, I was reading the DPW's report, and it states that 5% of all injury crashes involved speeding, and 60% of all fatal crashes involved speeding, so...

273

00:49:48.770 --> 00:49:56.149

Town Hall Meeting Room: Thank you. Thank you. Yeah, I... it is interesting, because it was part of the Safe Streets,

274

00:49:56.150 --> 00:50:12.269

Town Hall Meeting Room: action plan, too, about the speeding. So I know when we originally thought we were going to have some sort of public education on the 20th, I've got a whole laundry list of questions that I'm getting from constituents. I saw Chief Heavy last night, and I hope when we have the, meeting on the 14th.

275

00:50:12.270 --> 00:50:16.150

Town Hall Meeting Room: That they'll be answered, if not answered,

276

00:50:16.390 --> 00:50:23.459

Town Hall Meeting Room: you know, in a presentation format and the FAQs, because I do think the FAQs could be, you know, beefed up.

277

00:50:23.460 --> 00:50:32.279

Town Hall Meeting Room: a bit, based on the types of questions, you know, that we're getting. I know some of them seem like silly. Fred's like, those are silly. I said, but Fred, that was my question.

278

00:50:32.280 --> 00:50:44.339

Town Hall Meeting Room: But I just think in the interest of over-educating, and I think the big thing that we've been getting recently... I haven't responded yet, but I will, is folks expecting a refund.

279

00:50:44.370 --> 00:51:07.129

Town Hall Meeting Room: for the tickets, you know, that they did receive, during this time period. So I don't think we've had any

confusions there. No, we've told people, don't email us about that right now, because that's not been decided. We still have to speak with Blue Line, and we're speaking with our attorneys. So it hasn't been decided, so you're wasting your time sending, because we do get inundated with hundreds of emails a day about other things.

280

00:51:08.310 --> 00:51:29.170

Town Hall Meeting Room: And sometimes people aren't paying attention to this, and I get it. They're busy, they have other lives, so we just keep telling people, hold off on that, because we don't know yet. But certainly that's one of the questions, but some of them have been really good, by the way. So we... we appreciate that, we appreciate the feedback, and we're gonna end up at a good place with this, so...

281

00:51:29.300 --> 00:51:31.799

Town Hall Meeting Room: Thank you. Alright, thank you. Appreciate it.

282

00:51:33.010 --> 00:51:40.390

Town Hall Meeting Room: Next up is a presentation of the Sustainability Committee report, and she's been waiting very patiently there.

283

00:51:41.020 --> 00:51:52.240

Town Hall Meeting Room: Janet Stone-McGuigan and Lauren Raven? Yes, I'm not gonna... I'm not gonna get off the dais. Hi, Janet. Hi! So, good morning, Fred, Lauren, Rachel, and distinguished guests.

284

00:51:52.290 --> 00:52:01.119

Town Hall Meeting Room: You all know me, but for the record, I'm Janet Stone-McWiggin, and I come before you today in my role as a co-chair of the Greenwich Sustainability Committee.

285

00:52:01.490 --> 00:52:10.469

Town Hall Meeting Room: Serving in this capacity along with me is Select Woman Lauren Raven, and Director of Environmental Affairs Beth Evans, who could not join us today.

286

00:52:11.130 --> 00:52:17.199

Town Hall Meeting Room: So happy Earth Day! It was actually yesterday, but as you know, every day is Earth Day.

287

00:52:17.630 --> 00:52:22.179

Town Hall Meeting Room: April is full of celebrations for those of us in the sustainability space.

288

00:52:22.500 --> 00:52:33.100

Town Hall Meeting Room: On Saturday, at the Rethink Waste Fair, hosted by Waste Free Greenwich at the Boys and Girls Club, everyone was thrilled to see you all there for the town's Earth Day Proclamation.

289

00:52:33.700 --> 00:52:43.629

Town Hall Meeting Room: At Monday's representative town meeting, Myra Clockenbrink and I were honored to address that legislative body in our roles as liaisons to the Sustainability Committee.

290

00:52:43.960 --> 00:52:50.080

Town Hall Meeting Room: And today, I have the privilege of presenting you with the committee's annual State of Sustainability Report.

291

00:52:51.410 --> 00:52:57.370

Town Hall Meeting Room: But first, a little background for those in this room who may not be familiar with the Sustainability Committee.

292

00:52:58.310 --> 00:53:15.369

Town Hall Meeting Room: Established in 2019, the Greenwich Sustainability Committee provides a forum for local organizations and dedicated individuals to coordinate, collaborate, educate, and advocate for the adoption of sustainability practices in the Town of Greenwich.

293

00:53:15.370 --> 00:53:25.570

Town Hall Meeting Room: All working together toward a community-wide strategy to safeguard a healthy, high-functioning ecosystem for the benefit of all current and future residents.

294

00:53:25.910 --> 00:53:35.719

Town Hall Meeting Room: This includes pursuing the goals established in the 2019 Greenwich Plan of Conservation and Development, as well as those required for sustainable Connecticut.

295

00:53:36.010 --> 00:53:37.740

Town Hall Meeting Room: certification.

296

00:53:38.050 --> 00:53:42.729

Town Hall Meeting Room: The committee promotes equity, diversity, inclusion in all its actions.

297

00:53:43.050 --> 00:53:47.290

Town Hall Meeting Room: The committee meets monthly, and its meetings are open to the public.

298

00:53:48.090 --> 00:53:52.580

Town Hall Meeting Room: The Sustainability Committee is organized into the following 8 sections.

299

00:53:53.040 --> 00:54:04.650

Town Hall Meeting Room: Business, climate resiliency, community engagement, food systems, land and water, legislative and advocacy, transportation, and waste reduction.

300

00:54:05.370 --> 00:54:09.090

Town Hall Meeting Room: Select Woman Raven serves as the Business Sector Chair.

301

00:54:09.250 --> 00:54:14.170

Town Hall Meeting Room: And Select Women Khanna serves as the Climate Resiliency Sector Chair.

302

00:54:14.670 --> 00:54:19.079

Town Hall Meeting Room: There is a liaison from the committee to the Energy Management Advisory Committee.

303

00:54:19.270 --> 00:54:24.009

Town Hall Meeting Room: And as I just mentioned, two liaisons to the representative town meeting.

304

00:54:25.030 --> 00:54:30.590

Town Hall Meeting Room: The Sustainability Committee promotes community dialogue with the town department heads and other boards.

305

00:54:30.750 --> 00:54:34.910

Town Hall Meeting Room: As well as with the Greenwich delegation to the Connecticut General Assembly.

306

00:54:35.610 --> 00:54:46.250

Town Hall Meeting Room: To expand its reach, the committee produces a popular bi-monthly newsletter, and regularly provides guest speakers to local radio station WGCH.

307

00:54:47.110 --> 00:55:01.710

Town Hall Meeting Room: In conjunction with the Town's Earth Day Proclamation, the Sustainability Committee annually bestows sustainability awards to local organizations and town residents who demonstrate a commitment to the Committee's guiding principles.

308

00:55:01.850 --> 00:55:05.169

Town Hall Meeting Room: With a particular emphasis on local youth leaders.

309

00:55:05.770 --> 00:55:08.940

Town Hall Meeting Room: The committee hosts an annual strategic retreat.

310

00:55:09.490 --> 00:55:16.719

Town Hall Meeting Room: And as a result of its July 2025 retreat, along with the town and several local partner organizations.

311

00:55:16.830 --> 00:55:21.090

Town Hall Meeting Room: Has launched a town-wide invasive species awareness campaign.

312

00:55:21.200 --> 00:55:23.210

Town Hall Meeting Room: Nick's Problem Plants.

313

00:55:24.220 --> 00:55:27.390

Town Hall Meeting Room: So now back to the state of sustainability report.

314

00:55:28.070 --> 00:55:35.679

Town Hall Meeting Room: The report highlights activities in each sector, with special attention to each sector's priorities, goals, and challenges.

315

00:55:35.930 --> 00:55:38.830

Town Hall Meeting Room: Both over the past year and looking ahead.

316

00:55:39.400 --> 00:55:47.889

Town Hall Meeting Room: Sector partners, including community partners, town departments, nonprofits, businesses, and other entities, are particularly highlighted.

317

00:55:48.510 --> 00:55:57.299

Town Hall Meeting Room: While the report focuses primarily on initiatives within Greenwich, it also spotlights those on the state level that have local impact.

318

00:55:57.930 --> 00:56:00.200

Town Hall Meeting Room: The report is updated annually.

319

00:56:00.410 --> 00:56:12.300

Town Hall Meeting Room: And in the interest of time, I won't go through the report in detail, but will invite you to enjoy every word and photo by clicking on its link on the Sustainability Committee's webpage on the Town's website.

320

00:56:13.550 --> 00:56:21.120

Town Hall Meeting Room: And when you do, you can also learn more about the Sustainability Committee, including how to sign up for the committee's newsletter.

321

00:56:21.650 --> 00:56:27.959

Town Hall Meeting Room: A special thank goes to the sector chairs and Shannon Fitzgerald for their help in putting this report together.

322

00:56:28.760 --> 00:56:32.400

Town Hall Meeting Room: And that's it from me today, and thank you for your time and attention.

323

00:56:33.070 --> 00:56:48.509

Town Hall Meeting Room: Thank you, Janet. Appreciate it. Any questions or comments? I know, I'm very grateful to all of the people who have served on this committee in the last 6 years. I, you know, when we started it, I never thought it would

324

00:56:48.510 --> 00:56:58.470

Town Hall Meeting Room: take off like this. I thought it would be pretty good, and I thought there was really some opportunities. And you guys have taken it way beyond what I thought, so... hats off to...

325

00:56:58.500 --> 00:57:08.590

Town Hall Meeting Room: everyone, including the three people to my left, right, and center. I really appreciate that. Absolutely, thank you, and thank you for your support.

326

00:57:08.820 --> 00:57:10.480

Town Hall Meeting Room: Thank you. Thanks.

327

00:57:10.600 --> 00:57:31.359

Town Hall Meeting Room: Sorry, thanks, Janet. You're doing a fabulous job continuing as one of the tri-chairs, and it's just been such a pleasure to learn more about and participate, in the committee, this go-around. It's something I always wanted to do, so I appreciate the camaraderie and the, the mission and, you know, what we're trying to accomplish.

328

00:57:31.360 --> 00:57:34.880

Town Hall Meeting Room: Absolutely. It's a privilege, an honor, and it's a labor of love.

329

00:57:34.880 --> 00:57:42.590

Town Hall Meeting Room: Well, I thank you both, and I thank, Zakwamakana for jumping in there, too, and it means a lot, and I... you guys are doing a great job, so...

330

00:57:42.650 --> 00:57:47.700

Town Hall Meeting Room: Thank you. Thank you. Mr. Alexander had signed up to speak on this issue? Sure.

331

00:57:56.130 --> 00:57:59.240

Town Hall Meeting Room: Thank you. Peter Alexander, lifelong.

332

00:57:59.790 --> 00:58:04.690

Town Hall Meeting Room: Landscape architect, and I'd like to, actually.

333

00:58:04.990 --> 00:58:08.019

Town Hall Meeting Room: make a comment on A, B, and C.

334

00:58:08.130 --> 00:58:20.080

Town Hall Meeting Room: All of the new business, and put it together to be all about sustainability. I missed the first part. Safe streets, school zone.

335

00:58:20.290 --> 00:58:29.390

Town Hall Meeting Room: speed cameras, which I think is the best thing that's happened here in the world. You're tying it into sustainability? Yeah. Okay, okay. All three together. And I think we're,

336

00:58:30.190 --> 00:58:33.850

Town Hall Meeting Room: Getting to be a lot like retail all across the town.

337

00:58:34.290 --> 00:58:43.899

Town Hall Meeting Room: And I really think that we need to understand how unusual The climate is here.

338

00:58:44.580 --> 00:58:48.310

Town Hall Meeting Room: And the merchant Marines figured it out.

339

00:58:48.990 --> 00:58:56.140

Town Hall Meeting Room: A long time ago, because every night, when the sun sets, we get cold air drainage, They would...

340

00:58:56.820 --> 00:59:01.360

Town Hall Meeting Room: Sometimes leave at night, even without any lights and so forth.

341

00:59:01.650 --> 00:59:07.060

Town Hall Meeting Room: And, you know, you might know the first Jewish, Architect was the,

342

00:59:07.600 --> 00:59:10.669

Town Hall Meeting Room: The church, on the Post Road.

343

00:59:10.850 --> 00:59:14.029

Town Hall Meeting Room: Congregational Church, second, and

344

00:59:14.170 --> 00:59:22.899

Town Hall Meeting Room: I think that we underestimate the magic that the tides bring as well, certainly in drainage on our roads.

345

00:59:23.120 --> 00:59:35.920

Town Hall Meeting Room: As you probably know, especially the Butterim River, But also, the, I'm wondering... from sustainability, as we...

346

00:59:36.110 --> 00:59:42.699

Town Hall Meeting Room: continue to grow and so forth. Should there be a special tax on commercial parking spaces?

347

00:59:43.210 --> 00:59:46.780

Town Hall Meeting Room: So that we're not... overly encouraging.

348

00:59:47.040 --> 00:59:49.489

Town Hall Meeting Room: More cars here every day.

349

00:59:51.060 --> 00:59:58.169

Town Hall Meeting Room: Because that's how you make some money. Now, if we all switch over to electric in a while.

350

00:59:58.620 --> 01:00:05.500

Town Hall Meeting Room: That's a different story, but right now, I think we need to face the facts that we have a whole lot of tailpipes, and

351

01:00:05.770 --> 01:00:12.780

Town Hall Meeting Room: I would like to, work with the Sustainability Committee to, link these three together.

352

01:00:12.930 --> 01:00:15.730

Town Hall Meeting Room: Again, thank you for the speed cameras.

353

01:00:16.250 --> 01:00:26.139

Town Hall Meeting Room: I really like that stuff. Thank you. But I'm not an Orwell fan. Thank you, Peter. Appreciate it. Okay, so we'll,

354

01:00:26.680 --> 01:00:40.839

Town Hall Meeting Room: we'll leave this out there for a couple weeks. This was not to approve, I believe this was just a discussion item, so... Right, but it's, you know, anybody that's out there, as people want to come in and comment, sign up ahead of time and let us know if you want to,

355

01:00:40.840 --> 01:00:49.909

Town Hall Meeting Room: say anything supportive, or if there's anything else you'd like to see added to it, but a lot of work went into this, and so we really, really appreciate it, so...

356

01:00:49.940 --> 01:00:50.890

Town Hall Meeting Room: Thank you.

357

01:00:51.140 --> 01:00:59.279

Town Hall Meeting Room: Thank you. Are there any appointments? Yes, and I'm gonna just read them in one list. So Lauren Rabin, I motion that we...

358

01:00:59.460 --> 01:01:03.560

Town Hall Meeting Room: Nominate the following. Rick Brooks.

359

01:01:03.770 --> 01:01:13.329

Town Hall Meeting Room: for a returning position on the Alarm Appeals Board, position R1 for a term expiring 6-30-2023.

360

01:01:13.510 --> 01:01:19.800

Town Hall Meeting Room: that we nominate, Blaise Montoura. I'm sorry? 2023?

361

01:01:20.460 --> 01:01:25.400

Town Hall Meeting Room: 2030, sorry, 2030. I'm looking at my own typing. Thanks, Ken.

362

01:01:25.450 --> 01:01:42.410

Town Hall Meeting Room: Blaise Pataro as a returning member of the Fair Rent Commission, position R3 for a term expiring June 30th, 2029. Marianne Ramos as a returning member of the Board of Health, position R1 for a term expiring June 30th, 2029.

363

01:01:42.490 --> 01:02:00.640

Town Hall Meeting Room: Patricia Roberts as a returning member of the Board of Human Services, position R7 for a term expiring June 30th, 2029, and Brad... Radvulaki as a returning member of the Nathaniel Witherold Board, position R7 for a term expiring

364

01:02:00.740 --> 01:02:02.770

Town Hall Meeting Room: June 30th, 2029.

365

01:02:03.190 --> 01:02:12.409

Town Hall Meeting Room: Rachel Kahn, I second the motion. All those in favor, Fred Camillo's a yes. Lauren Rabin is a yes. Rachel Kahn is a yes. Okay, thank you. Thank you, Lauren, for keeping track of everything.

366

01:02:12.450 --> 01:02:24.609

Town Hall Meeting Room: Is there a motion to adjourn? Lauren Rabin, so moved. Rachel Cano, second the motion. All those in favor, Fred Camillo's a yes. Lauren Rabin is a yes. Rachel Connell's a yes. Thank you, everybody. Appreciate it.

367

01:02:24.750 --> 01:02:29.410

Town Hall Meeting Room: Have a great day. Thank you. Mr. Your mom was with you the other day.
